

Folding Cartons

The ideal blend of performance and impact

Made in New Zealand

Our superb range of carton boards with superior whiteness and printability offers the opportunity to lift colour and make your branding pop in the store.

With our proven ability to provide complete service—including graphic design and sampling, print management in all processes, die making, die cutting and gluing—we can supply folding cartons in straight line glue, fishtail or crash lock configuration.

We also offer the design and production of point-of-sale outer cartons and display units to enhance your presence in-store.

Our folding cartons are printed by experienced printers to ensure colour consistency and a high-quality product, with a range of processes available including foiling, embossing, over gloss, aqueous gloss and matte and UV varnish.

About Sonoco Australia/New Zealand

Sonoco has been serving industrial and consumer markets in Australia and New Zealand since 1949.

We currently have 11 locations in Australia and New Zealand, with more than 200 employees. As a total packaging solutions provider, our goal is to help customers reduce their overall systems costs. Together, we find opportunities to reduce costs by improving productivity, minimizing downtime, effectively managing inventory, and reducing waste.

In 2015, Sonoco was named to the Dow Jones Sustainability World Index for the seventh consecutive year.
