

# Plastic Cores

**Sonoco manufactures extruded plastic cores and tubes** for customers who need strength, durability, and dimensional consistency.

Trust Sonoco for a sharp, dust-free cut to meet the demanding needs of specialized markets such as wet food processing (abattoirs, fisheries, and dairy).

## Core capability

- | 90mm OD Wall thickness 3mm to 7mm
- | 60mm OD Wall thickness 3mm to 5mm

## Build up

- | Capability to manufacture cores from up to 100% recycled material.
- | Other materials available depending on end use and strength requirements.

## About Sonoco Australia/New Zealand

Sonoco has been serving industrial and consumer markets in Australia and New Zealand since 1949.

We currently have 11 locations in Australia and New Zealand, with more than 200 employees. As a total packaging solutions provider, our goal is to help customers reduce their overall systems costs. Together, we find opportunities to reduce costs by improving productivity, minimizing downtime, effectively managing inventory, and reducing waste.

In 2015, Sonoco was named to the Dow Jones Sustainability World Index for the seventh consecutive year.
